Celebrating the beauty and power of poetry, **Poetry Africa in Cape Town** is a satellite programme of the **Poetry Africa** festival hosted by the Centre of Creative Arts (University of KwaZulu-Natal) in Durban. A core focus of the festival is the development of dialogue and exchange between countries and cultures, Africa in particular. The Cape Town programme is part of the Poetry Africa tour which also travels to Zimbabwe and Malawi before culminating at the main festival in Durban between 4-9 October. See www.cca.ukzn.ac.za for poet biographies.
